NAMING THE MARINERS

The winner was Roger Szmodis of Bellevue, Wash. His entry read, "I've selected Mariners because of the natural association between the sea and Seattle and her people, who have been challenged and rewarded by it."

FIRST TIE: On June 2, 1980, the Mariners and Tigers played to a 3-3, 13-inning tie at Detroit. The game was called because of rain at the end of 13 innings. That is the only tie in which the Seattle club has been involved.

TEMPE STADIUM

Tempe Stadium was completed in 1968, and used by the Seattle Pilots and Milwaukee Brewers from 1969-71. The capacity is 5,600. The dimensions include 360 down each line, and 420 feet in the power alleys. Lights were installed for the spring of 1980. It is now owned and operated by the City of Tempe Parks and Recreation Department.

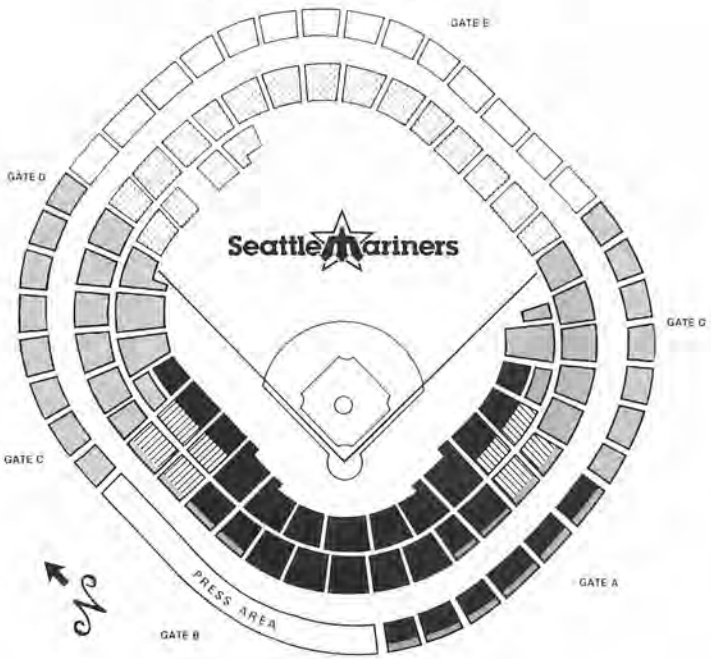
KINGDOME SEATING



GROUND RULES

1) **Photographers' Area:** The ball is in play if it hits retaining wall and bounces back onto playing field.
2) **Batted Ball Hitting Speakers or Roof:** In FAIR territory—in play and judged fair or foul in relation to where it lands or touched by a fielder. If caught, the batter is out and runners advance at their own risk.
   In FOUL territory—is automatically a foul ball. If caught the batter is out, and runners advance at their own risk, otherwise ball is dead.
3) **Outfield Area:** Fairly batted ball in left, center or right field hitting above yellow line is a home run. If ball strikes protruding objects from recessed football bleachers in right and right center, it is automatically a home run.
   Any ball bouncing above yellow line is automatically a two-base hit.

SPEAKER NOTES

FAIR BALLS HITTING SPEAKERS

April 25, 1979 — Butch Hobson, Bos. — hit speaker in left center field, fell for triple.

June 5, 1979 — Willie Horton, M's — hit speaker in left field, fell for single vs. Det.; would have been his 300th career home run.

April 9, 1980 — Ted Cox, M's — hit speaker in left center in first at-bat as a Mariner, fell for triple vs. Tor.

May 19, 1980 — Jim Anderson, M's — hit speaker in left field, fell for double vs. Mil.

June 14, 1980 — Ken Singleton, Balt. — hit speaker in left center, fell for double.

August 19, 1980 — Bob Watson, N.Y. — hit speaker in left center, fell for double.

August 20, 1980 — Bob Watson, N.Y. — hit speaker in center field, fell for triple; first time a player had hit a speaker in consecutive games.

FOUL BALLS HITTING SPEAKERS

Batted balls have hit speakers in foul territory several times in the four years of action in the Kingdome. In addition to the regular Kingdome speakers, other hanging objects have come into play. The special basketball speaker system that hangs above first base has been hit several times, as well as the basketball scoreboard that hangs behind the plate. In 1980, five fouls hit objects, three by Mariner batters.

Three times a fielder has caught the carom off a foul speaker, with the Mariners Bruce Bochte tracking down two of the bounces. Oakland pitcher Matt Keough made the first catch in 1979 (Aug. 3), while Bochte hauled down one in 1979 (Sept. 3) and in 1980 (May 19).

MISCELLANEOUS NOTES

On Aug. 4, 1979, **Ruppert Jones** popped a foul ball that stuck in the speaker above the first base dugout; it was ruled a strike . . . the three speakers in fair territory (left, left center and center) are approximately 110 feet above the playing surface.

TRAINER GARY NICHOLSON

Gary Nicholson enters his fifth season as trainer of the Seattle Mariners in 1981. He joined the club in its inaugural season, 1977, after spending twelve years in the Chicago Cub organization. After seven years of work in the minor league system of the Cubs, he worked in the majors from 1972-76. Gary lives year-round in Tacoma. He has worked at Pacific Lutheran University during the off-season as an instructor of injury prevention and therapy, as well as a supervisor of the training room, since 1973. Nicholson, who will be 37 years old in April, earned a degree in physical education from the College of Idaho (in Caldwell) and a master's degree in health and sports medicine from Indiana University. He is the only trainer to serve in the All-Star Game for both leagues. He represented the National League in 1973 at Kansas City, and the American League in 1979 at Seattle.

ITEMS OF INTEREST

AMERICAN LEAGUE CURFEW RULE—All night games must be called at 1 a.m. local time. But if an inning is started prior to 1 a.m. city time, it can be completed.

BATTING/PITCHING (ERA) CHAMPION QUALIFICATIONS—502 or more plate appearances, 162 or more innings.

DEFINITION OF NIGHT GAME—Any game scheduled to start after 6 p.m. will be considered a night game. If a game is scheduled to start at 6 p.m. and is delayed for any reason, it will be considered a day game. If a game is scheduled to start at 6:01 p.m., it will be considered a night game. Twi-night double-headers shall be included in double-header statistics and shall be considered two night games. When afternoon and night games (separate admissions) are played on the same date, the games shall be day and night and count as single games.

DESIGNATED HITTER RULE—A hitter may be designated to bat for the pitcher in any spot in the batting order in any game without affecting the status of the pitcher. The designated hitter must be selected and be included on the lineup cards presented to the umpire-in-chief prior to the game. Failure to do so precludes the use of a designated hitter for that game. The designated hitter is "locked" into the batting order but may be removed for a pinch-hitter or pinch-runner, who in turn becomes the designated hitter. The designated hitter, while still in the game, may be used defensively but the pitcher then assumes the batting order of the replaced defensive player, thus terminating the designated hitter role. The designated hitter is eligible for all American League batting titles.

FREE AGENT DRAFT RULE—A BRIEF SUMMARY: Major League and National Association clubs meet twice a year for the purpose of drafting free agent player talent. . . The winter meeting is conducted by conference phone. . . Selection of a free agent entitles the club to the exclusive right of negotiation with that player for a specified period (from date of selection until 15 days prior to next draft meeting).

There are two phases to each draft meeting:

(1) Regular Phase—Clubs choose in inverse order of major league standings, selecting free agents and previous draftees who had not signed contracts but had instead enrolled in four-year colleges and since had either completed his junior year or become 21 years of age. . . Each organization may select only one player for each of its major league, AAA and AA rosters but is not limited to the number of picks for "A" level. . . Minor league clubs select in the same relative order as their parent clubs.

(2) Secondary Phase—Selection of free agents who had been drafted previously but who had not signed contracts before the negotiation right expired (except those draftees who had enrolled in a four-year college and had since graduated or become 21 years of age—now drafted in Regular Phase). . . It is possible for a club to redraft a player whom it had been unable to sign after the original selection, but only with the express written consent of that player. . . The order of selection is by lot with the 26 major league clubs divided into two 13 team groups with the groups alternating having first selections in respective drafts.

GAME-WINNING RBI—The game-winning RBI became an official baseball statistic in 1979. It is determined by the "run batted in that gives a team a lead that it never relinquished."

INTERLEAGUE TRADING PERIODS—From 12:01 A.M. on fifth day after completion of world series thru midnight preceding the last scheduled day of the winter meetings, and from 12:01 A.M., Feb. 15 thru midnight, March 15.

MAJOR LEAGUE SERVICE—Baseball measures service in years and days (years ' days). 172 days on the active roster during the regular season constitutes a full year.

MAJOR LEAGUE TRADING REGULATIONS—A.L. waivers *are not necessary* to assign a player contract from one club to another within the league *from midnight on the last day of the season thru midnight, June 15 (Pacific time).*

A.L. waivers are necessary to assign a player contract from one club to another within the league *from 12:01 A.M., June 16 thru midnight, the last day of the season (Pacific time).*

A.L. waivers are necessary before a player contract may be assigned from the American League to the National League except during inter-league trading periods. Both A.L. and N.L. waivers are necessary *between 12:01 A.M., June 16 and midnight, the last day of the season.*

PLAYER LIMITS—25 players from opening day through August 31. . . 40 players from September 1 through end of season. . . Players in military service do not count against the under control list while on active duty. Upon separation from the service, a player will be reinstated to his club's normal player limits after he has completed a 15-day trial period or has participated in a championship game, whichever comes first.

ROOKIE QUALIFICATIONS—A player shall be considered a rookie unless, during a previous season or seasons, he has (a) exceeded 130 at bats or 50 innings pitched in the major leagues; or (b) accumulated more than 45 days on the active roster of a major league club or clubs during the period of the 25-player limit (excluding time in military service).

SAVE RULE—A relief pitcher shall be credited with a save when he meets all three of the following conditions: 1.) he is the finishing pitcher in a game won by his club; 2.) he is not the winning pitcher; and 3.) he qualifies under one of the following conditions; a.) he enters the game with a lead of no more than three runs and pitches for at least one inning, or b.) he enters the game with the potential tying run either on base, at bat, or on deck (i.e., the potential tying run is either already on base or is one of the first two batsmen he faces), or c.) he pitched effectively for at least three innings.
